# International *in the* Walk to School **USA**

**Pond Cove School**

**is participating in Walk to School on  
October 7, 2009**

**Join children and adults around the world to celebrate the benefits of walking.**

## **About our event:**

Dear Parents:

Cape Elizabeth's Schools will be participating in this year's Walk to School Program with a slightly different approach. The students will be brought to school on their regular schedule (bussed, walking, parent drop-off). For this day only, students will be dropped off along the sidewalk in front of the Middle School 1930's building. Teachers and community volunteers will then lead students along the sidewalks, out to Scott Dyer Road to route 77 around town center cutting back towards school by the police station. We invite you to practice the loop with your child, volunteer, and/or make signs for your child to carry showing their support for physical activity. If your child walks/bikes to school regularly, s/he may do so and then join us at the temporary drop-off location (in front of the 1930's building) to join the town center walk. We will not be allowing bikes on the organized walk around town.

For more information or to volunteer, please contact Community Services @ 799-2868.

Rain date for this event is Thursday October 8, 2009
